FROM INNOVATION AND GUIDELINES, TO HIGH QUALITY CARE AND BETTER PATIENT OUTCOMES: A JOURNEY TO TRAVEL TOGETHER!

- What is new in biomechanics, basic and clinical research?
- How to integrate person centeredness into policy making and practice?
- Why are pressure ulcers associated with quality of care and patient safety?
- What are effective strategies for patient, informal carers and non- professional pressure ulcer education?
- The guideline journey: how to generate, summarise and implement trustworthy EBHC guidelines?
- Focus on atypical wounds: differentiation, prevention and treatment?
- How can e- Health play a role in pressure ulcer prevention and management?
- What are recent innovations & advanced therapies in pressure ulcer prevention and treatment?
- Pressure ulcer prevention across the continuum of care – focus on home care settings
